

OUR VISION

Bringing people together to end poverty for good.

Dear Friends,

As I reflect on 2022, I am incredibly proud of the impact that we have had together. The year started with COVID-19 cases rising all around the world, and it was tough. But the Children International family stayed strong, and together we thrived. Your support throughout the year helped families bridge the gap and recover from such difficult months and years. Thank you!

The year ended with all of our community centers open, bustling with joy, excitement and opportunity. I had the chance to visit the Dominican Republic last year and while there, I met Carlos, a young man who participated in our English for Employability Program when he was 17. Carlos is now 20 and the operations manager at a call center where he leads a team of 150 members. This is the type of transformation that you help make possible.

Over the last three years, the number of children we serve has been growing steadily, while increasing exponentially the impact on every child, youth and family. Thank you for your generosity, partnership, trust and for being part of the movement of people who are coming together to end poverty for good. Because of you,

we were able to accomplish many things last year, including:

- 100% of sponsored children, youth and families in our program received economic assistance, helping cover necessities through another tough year.
- The Emotional Well-Being Program expanded to all agencies — increasing the program’s reach to nearly 51,000 participants.
- The percentage of students completing Children International’s Tutoring Program increased to 94%.
- Through our health programs, supporters helped nearly double the number of medical services covered.

Thank you for investing in children and youth. Your support provides the resources and opportunities they need to leave poverty behind.

With gratitude,

Susana Eshleman,
President & CEO

OUR MISSION

We connect people around the world in the fight to end poverty. Working together, we invest in the lives of children and youth, build the healthy environments they need to thrive, and empower them to create lasting change in their own lives and communities.
