OUR VISION

We are creating a poverty-free world for children, where their dreams are unleashed and their hope radiates into their communities.

Over the last few years, we have transformed from a health services and material gifts organization that alleviated the symptoms of poverty to a holistic child development organization that invests in children for the first two decades of their lives, with the bold intent to break the cycle of poverty.

We have made significant strides toward becoming more effective and efficient.

We are more committed than ever, and with your support we are gaining momentum toward realizing our goal of helping children become healthy, educated, empowered and employed.

Thank you for being a partner and a champion for these very deserving children!

Gratefully,
Susana
