As I look back upon our accomplishments in 2018, I have new evidence of the difference we are making together. Your generous support makes it possible!

In 2018, 88 percent of our funds went directly to our transformational programs, and we are proud of the high ratings charity review organizations continue to award us.

We are always working to ensure your contributions have the greatest impact. Since 2015, we have increased investments in empowerment programs by 141 percent and employment programs by 121 percent.

Our education investments have also changed significantly. We have really grown our tutoring sessions and computer classes to improve our kids’ learning outcomes.

The results are encouraging! Graduates of Into Employment®, our job-training program, have a more than 80 percent job placement rate, and more than 98 percent of those receiving scholarships completed their year of study.

Thank you for investing in children for the first two decades of their lives. Your support provides the resources and opportunities they need to leave poverty behind!

Gratefully,

Susana Eshleman, President
